Professional Summary

I am a self-taught web developer and software learner who loves building practical digital projects. I have a solid understanding of Core Java, MySQL, and JavaScript. I am a quick learner, I enjoy making things that work well, and I am ready to work hard and turn ideas into real, functional applications.

Education

B.Tech in Computer Science and Engineering

Chaibasa Engineering College (JUT)

2023 – 2026 (Expected)

Current Avg. SGPA: 7.6 (Semesters III–V)

Diploma in Electrical Engineering

Pakur Polytechnic, Pakur (JUT)

2019 – 2022

Percentage: 83.94%

Intermediate (12th)

BLNL Bohra Inter College, Rajmahal (JAC)

2017 – 2019

Percentage: 68.8%

Technical Skills

Programming Languages: Java, C, Python, JavaScript, HTML, CSS, SQL

Core Competencies: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA)

Technical Training

Introduction to Algorithms | [BIT, Sindri]

- Completed foundational training focused on core data structures, problem-solving logic, and time-complexity analysis.
- Gained practical experience writing and implementing fundamental searching and sorting algorithms.

Technical & Academic Projects

Library Management System | Java

- Developed a console-based backend application applying Object-Oriented Programming principles like Encapsulation and Abstraction.
- Utilized the Java Collections Framework for dynamic data management and tracking book availability.
- Implemented exception handling and input validation to manage invalid user inputs and prevent crashes.

Interactive Web Portfolio | HTML, CSS, JavaScript, Three.js

- Designed a fully responsive web application utilizing CSS Grid, Flexbox, and seamless light/dark theme toggling.
- Focused on a minimal, clean design architecture to effectively showcase projects.

Hand Sign to Text Converter | C, Arduino, IoT

- Developed a hardware-software integration project translating physical hand signs into text to solve communication barriers.
- Wrote C logic to read analog resistance from flex sensors, mapped to characters via Bluetooth.

Achievements

- **HackerRank:** 4-Star Rating in Java | 3-Star Certificate in Problem Solving | 3-Star Rating in C & Python
